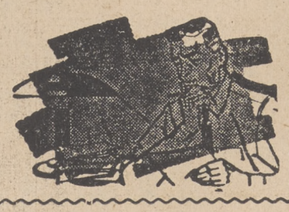
The DIMMER VIEW

by Max Goodwin



Tale of Two Books

There's a wide spread in the moralistic views of young athletes today.

A couple of recent books tend to illustrate the point, even if the variance is not understandable. The books have to do with professional football players. One book is an autobiography of a sort by Marty Domres, the rookie quarterback of the San Diego Chargers.

The other is about Brian Picollo, a courageous running back of the Chicago Bears. Picollo's brilliant career ended in death by cancer at the age of 26.

The Domres book is mostly a beef Domres has with the team management because he isn't called upon to play—and sex. He says he plays more at the latter than the former. Domres is listed as the author, together with a flack named Robert Smith.

The Picollo book is about a courageous young man's greatest battle—the battle against death.

It was Al Couppee, the superb KOGO TV sportscaster who supplied the book, BRIAN PICOLLO: A SHORT SEASON. Couppee who earned fame as a linebacker with the Washington Redskins said the book was fair in its presentation of the philosophy of pro football.

The other book, BUMP AND RUN, was supplied by John Wirges, the sports editor of the NORTH SHORES SENTINEL and a popular radio sports commentator.

The Domres book is crude and uninspiring although it reveals some of the behind the scenes activity in which athletes indulge. Domres will certainly rue the day he wrote the book. Some of the problem is with his criticism of Charlie Waller, the offensive coach whom he raps consistently while he eulogizes John Hadl, the Chargers first string quarterback. The logical mind asks why he would knock Waller for not replacing Hadl while admitting Hadl is football's greatest.

He also uses the book to mis-spell the name of his boss, Head Coach Sid Gillman and the name of one of the owners, George Pernicano. He also lays solid raps against the sports-casting-sportswriting fraternity in San Diego.

He polishes the apple by commenting on Gillman's expertise in his profession. "BUMP" will not add greatly to the archives of sports literature unless the reader seeks to learn why they call those guys "in float" members of the "taxi squad" and about the tom-cat-like sexual proclivities of football players.

The Picollo book was written by Jeannie Morris, who was a close friend of the Picollo family. She developed it into an inspirational study highlighting the young player's non-defeatist character.

Even when Picollo realized his fate was sealed he gave courage to other athletes who were facing physical tragedies. He wrote letters and visited them—some whom he didn't know. And to his wife and three litle daughters he left a legacy of courage that will forever be part of the love and admiration they hold for their husband and father.

The book is not macabre. Threaded through it are unobstrusive references to other football greats including coaches and officials. Altogether it is an engrossing study of a brave man and his philosophy and the better side of professional athletes.

The two books can best be summed up in a short preface printed in each.

In BUMP AND RUN: "It requires great determination and agility to go out in a strange city, find a willing and attractive sex partner, put her in a receptive mood, board her, and get back before the assistant coach looks in to see if your head is on your own pillow. This maneuver, in pro football circles, is now given th technical name of 'Bump-and-Run.' And just as bump-and-run has become a popular method of pass defense on the field, it has acquired permanent popularity on the motel circuit—not as a defense . . . but as a means of competing a pass."

In PICOLLO these memorable words from Thomas Wolfe's "You Can't Go Home Again": "Man was born to suffer and to die, and what befalls him is a tragic lot. There is no denying this in the final end. But we must, dear Fox, deny it all along the way."

There may be those who would be interested in obtaining one book or the other. It should be noted that royalties on the Picollo book will be shared with Picollo's wife, Joy and the children and the Brian Picollo Memorial Cancer Research Fund.

First Official Step Taken On Broadway Improvement

Systems are "go" for the improvement of Broadway in Lemon Grove, it was announced this week.

Don Holmes, senior civil engineer with the County's Community Program Administrative Division, said today that June 1, 1972 is target date for the state.

"There are several procedural matters which need completion but that shouldn't delay us," he said.

A small acquisition and assessing, both mostly bookkeeping operations, are the matters.

James Magee, project engineer of the County's Highway Department said it would require about 60 working days to do the work.

When completed Broadway, from Olive to Kempf, will be 80 feet wide including a 16-foot median strip.

Between Imperial and Kempf the center median will be broken in the center for traffic crossovers.

On each side of the center median will be 26 feet of travelway. The nearest lane will be 12 feet wide; the outer lane, 14 feet.

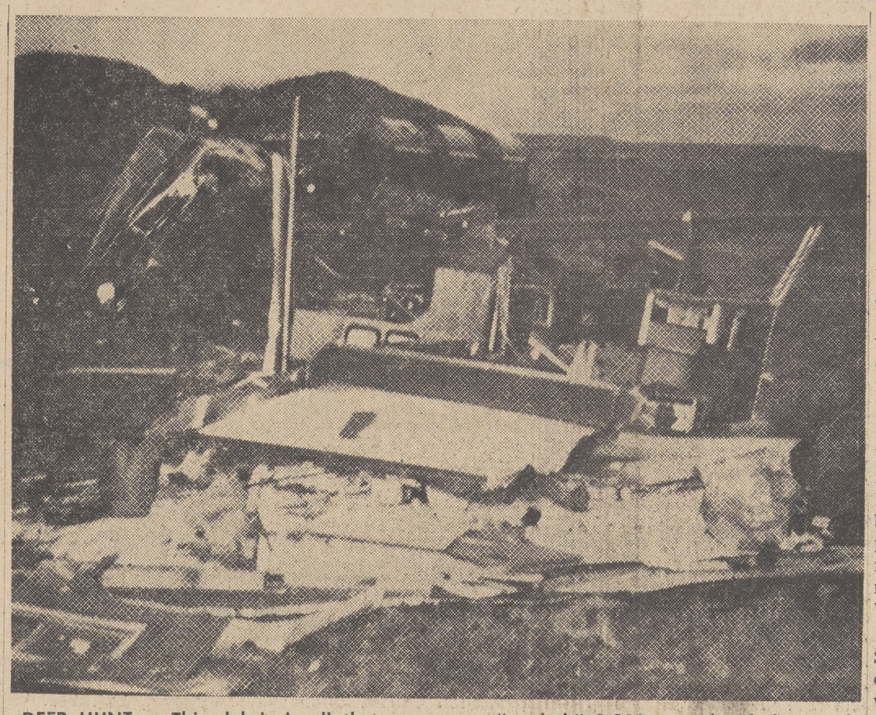
The roadway will be separated from the 30-foot wide privately owned parking area by 6-foot wide traffic control curbs and gutters.

These will have a break in near the center of the stretch. They will also be open at each end providing drivers the choice of two breaks to make an exit.

An additional 6 feet of parking will be built into the north side of Broadway between Main and Olive.

An Assessment Act proceedings was initiated by the Board of Supervisors on November 8 to put the program in motion.

Federal funds will help pay for a eight-phase traffic control system at Broadway-Imperial. Four left turn pockets will be controlled by arrows, similar to the one at Broadway and Massachusetts. The rest will come from County general funds.



DEER HUNT — This debris is all that was left of a $10,000 rig which included a truck, camper and trailer during a deer hunting trip by three Lemon Grove doctors. Two men suffered minor cuts. The equipment was "totaled." 2,200 pounds of deer and elk meat was distributed to needy families in the Wyoming area where the accident occured.. High winds caused the wreck.

Local Hunters Have Good Luck —They Survive Trailer Wreck

Three Lemon Grove doctors miraculously escaped death when their camper and its trailer overturned and were demolished as they were returning home from a hunting trip in Wyoming.

The three are Dr. Simon Brumbaugh, a physician-surgeon; Dr. Robert Swenson, a dentist, and Dr. Robert Burns, a veterinarian, all well-known local practitioners.

High winds whipping across the area as they left Rock Springs and approached Little America — both Wyoming communities, was the cause, it was said.

Near Little America the trailer, attached to their new camper, jack-knifed, and the entire rig over-turned. The truck, camper and trailer were a total wreck, Dr. Swenson said. The trailer was laden with 2,200 pounds of antelope and deer meat.

Drs. Brumbaugh and Swenson received minor injuries and were hospitalized temporarily. They were wearing seat belts. Dr. Burns, not wearing a belt, escaped injury.

"I saw Dr. Burns floating through the air when the rig turned over. He seemed to hang in the air," Bob Swenson said.

Dr. Swenson was the luckiest of them all. "I had been sleeping in the camper on a shelf near the front top. We stopped for coffee and I decided to move to the truck cab. It is not very possible that anyone could have escaped from the camper wreckage alive," he said.

Another oddity is the jade ring purchased in the Little America coffee shop by Dr. Burns. He had not wished to make the jewelry purchase but succumbed when the lady told him "you'll never have bad luck if you buy this ring."

Loss to the equipment was set at $10,000 but it was insured.

The antelope and deer meat was transported back to Rock Springs and put in a commercial locker. The Rock Springs Kiwanis club was asked to distribute the meat to the poor and needy of the area. All three men are members of the Lemon Grove Kiwanis club. The 2,200 pound cargo represented seven antelope and six deer.

The trio flew home via commercial air lines and their personal effects came by commercial van lines.

They are already planning next year's trip.

School District To Employ Seven

$45,000 of Public Employment Act funds has been made available to the Lemon Grove School District Paul Reynolds, assistant superintendent for business services said today.

The funds will be used during the next 12 months to employ seven people, he said.

Beginning immediately, interviews will be given for account clerk, maintenance man, bus driver, groundskeeper, and three school aides.

Priorities go to Vietnam veterans who served since August, 1964. Other veterans get the next priority with unemployed, qualified applicants being next.

Application should be made at the District Ed. Center, 3025 Lincoln st., Lemon Grove Reynolds may be reached there by 'phone at 469-4134.

L.G. Fire Report

The Lemon Grove Fire Department, for the week of Nov. 8-15, answered seven fire calls. Five of the fires included property damage.

On Nov. 8 at 3:01 p.m., firemen responded to a call to 2500 Skyline dr., a duplex, owned by Katherin Connelly. The fire was in a washroom between the two units. Estimated loss was $2500 to the structure and $1000 to contents. Cause of the fire is under investigation.

Approximately $900 damage was done to an electric sign at the Jack-in-the-Box Drive Thru on Nov. 10, due to an electrical short.

Rotary-Kiwanis In Joint Meet

A joint meeting of the Lemon Grove Rotary and Kiwanis club has been scheduled for Wednesday at the L.G. Bowlero.

The two clubs are planning to explore ways in which the Lemon Grove community can be better served.

For the Wednesday meeting, Lemon Grove's newest supervisor, Henry Boney, will discuss matters pertinent to the community. It is expected that he will talk about interim zoning, community planning, Broadway improvement and taxes.

Dell Lake is president of the Kiwanis club. Dr. Griffith Clark presides over the Rotary club. Dr. Harry Sorteberg, a Rotarian, will be program chairman.

The meeting is at noon.

Soroptimists Hostesses To Mount Miguel Girls

Members of the "S" Club, girls' service club at Mt. Miguel High School, have invited prospective members to a luncheon and social hour at Carman Ranch, 2515 Sweetwater rd., Saturday, at 12:30.

"S" Club membership is open to any girl student at Mt. Miguel. Girls planning to attend the luncheon at Carman Ranch should sign up with one one of the faculty sponsors of the club in the school office.

Miss Jozanna Navarette, President of the "S" Club, and its two faculty sponsors, Misses Mary Anne Mentas and Carol Pyle, will explain activities and objectives of this campus service organization during the luncheon and program which will have a Thanksgiving theme. Following the program swimming and other recreational facilities at Carman Ranch Club will be enjoyed by guests at a social hour.

Mt. Miguel's "S" Club is sponsored by the Soroptimist Club of Lemon Grove with Mrs. Elda Carovano as "S" Club chairman.

Modern Dance Concert Planned Tomorrow Night

The San Diego Dance Theatre will celebrate its 5th annual appearance at Grossmont College with a two-hour concert of modern dance at 8 p.m., November 19, in the Student Center. The concert will be repeated at the same time Saturday.

Director-choreographers Lolita Carter, Johanna Weikel and George Willis will present several new works, in addition to dances from their regular repertoire. A new dramatic dance by Grossmont College modern dance instructor Lolita Carter, titled "A Merry-Go-Round" is a college ot tragic and semi-tragic dances.

"A Merry-Go-Round" includes such diverse ideas as hitchhikers on the road and an old actress reliving the past.

Johanna Weikel will present two new dances. The first, titled "Variations" is a abstract dance to music by Britten. "A Time That Was" is a spoof on a dance craze of the early 40's.

George Willis will present his new work titled, "Men's Dance," a strong number for men, to an original electronic score.

The public is invited to the program. The price of admission is $2 to the public, with students being admitted for $1. Students with ASO cards will be admitted free.

Meeting Planned Tonight For 'Community-X' Group

A master plan for Spring Valley and the surrounding areas will take another step toward reality this evening when the executive committee of the "Community-X" planning group meets at Monte Vista High School.

The planning group, which has been designated "Community-X" by the County Planning Department until boundaries are finalized and a permanent name is announced, has had two general meetings, including one last Wednesday night.

The first meeting, held last Spring, was to determine if enough community interest was evident to merit a local planning body, similar to one approved for Lemon Grove last year.

The concept met with so much enthusiasm that little doubt was left that Spring Valley wanted to have a say in its own future.

The meeting last week was for organizational purposes and to accept volunteers who wished to serve on the executive committee and its various sub-committees.

About 600 local residents were on hand for the first meeting, and the nearly 2,000 that showed up last week "exceeded our wildest expectations", according to Jeanne Davies, advisor of the Monte Vista Ecology Action Club, which was instrumental in getting word of the meetings to local residents and businessmen.

Tonight's meeting, which begins at 7:30 p.m., will be for those who signed up to serve on the executive committee, and will be primarily for organization of the committee. Those who failed to sign up or were unable to attend the last meeting and would like to serve on a subcommittee are also invited to tonight's affair.

At the meeting this evening, it is expected that a name will be chosen for the organization and that boundaries of the planning area will be amended and possibly adopted.

The process for forming the planning group calls for the adoption of bylaws and boundaries, development of a plan for the area, and approval of the group from the County.

After the local group is formed and approved, it will make recommendations to the county regarding development of the area, including building, roads, local transportation, and parks.

The local planning body, although it will not have any authority to stop or approve any development, will make its recommendations to the county, where the recommendations will be weighed heavily.

Sale To End Saturday For Band Members

A final canvass of the area to complete their yearly candy sale will be held Saturday by members of the Lemon Grove Junior High School Band.

Students will sell on a door-to-door basis and also at concentrated shopping centers. Proceeds of the annual sale are used for maintaining the band's uniform fund, scholarships, special class instruction and other band expenses.

Weekly lessons are now being provided for the band's tuba section, according to Director Harry Weisgerber.

Soloists at the November meeting of the Band Parents' Association were violinist Lee Allen Wolfe, who played "The Builders," by J. G. Pleyel, and Rick Jessie, who performed a saxophone presentation of the Shubert Serenade.

Rotary 'Operation Identification' Designed to Reduce LG Burglaries

The Lemon Grove Rotary club has embarked on a program that should reduce burglaries locally.

Called "Operation Identification" the program makes possible an identification number engraved on valuables.

The number is the owner's driver's license number. He engraves it with an electric etcher which will be loaned free of charge at three local locations.

The owner's number on his driver's license is employed instead of his social security number because the latter is not made available to trace people.

Making an item identifiable reduces a burglar's interest in that residence. A decal on the door or window tells him items have been numbered. If he does commit burglary, he cannot dispose of the stolen items through normal channels, if at all. If he has such an item in his possession and his driver's license number does not match, the officer will then determine whether additional investigation is in order.

According to Dr. Griffith Clark, president of the L.G. Rotary club, the engraving devices will be made available at the Sheriff's office at 7895 Broadway in Lemon Grove; the L.G. Fire Station at 7853 Central, and at the Chamber of Commerce office at 3415 Imperial ave.

The way the program works is simple. A borrower fills in a card so that a record is kept of the person borrowing the device. When he returns it, a two-color decal is given him which has discouraged such crime in other communities.

In other communities where the project has been put into effect, the burglary rate has decreased dramatically, Dr. Clark said. "Operation" was suggested to our club by Sheriff's Lt. Frank Hill, officer in charge of the Lemon Grove Sheriff's office," Dr. Clark said. "Our members were enthusiastic about the crime-reduction possibilities and purchased three etching tools, had the cards and decals printed and as of today, we're in business."

The fire station is open 24 hours a day and that location is suggested for youngsters with bikes. The bike owner should bring the operator's license number of one of his parents.

The Chamber office is open 9-12 and 1-3 Monday through Friday. The Sheriff's office is open 8-5 Monday through Friday.

"The service," Dr. Clark said, "is free. The Sheriff, Fire Department personnel, and the Chamber of Commerce are handling the record keeping and keeping check on the etching tools. We are supplying the equipment, the forms and the decals. We think burglars will not enter those places with the 'Operation Identification' decals showing. There'll be no profit in it for the burglar anymore," he said.

Tools, radios, tape decks, cameras, appliances, teevee sets, binoculars, stereos, and other portable items should be etched.

In Monterey Park, nearly 4,000 homeowners participated in a program there and since 1963, only six participating homes have been victims of burglary and in only two instances were identifiable articles taken.

The California Law Enforcement Telecommunication System (CLETS) has the identity and address of every licensed driver in the State computerized. Any California law enforcement agency may identify the owner of an etched item instantly by feeding into the computor nothing more than the operator's driver's number.

In Michigan where the project is in force, a woman was surprised to hear from the police by telephone. The officer said her stolen property had been recovered. She didn't even know it was stolen. Her husband had etched his driver's license number on shotguns, a teevee set and binoculars he kept in their summer cottage.

Another woman got her children's two bikes back a few days after they were stolen. The thief abandoned them after trying to file off identifying numbers.

"Project Identification" in Lemon Grove has the sanction of Sheriff John Duffy.

'Mail Early' Is Cry Of Local Post Office

"Mail early" is once again the cry from the Spring Valley and Lemon Grove Post Offices, as the holiday season nears. This year's theme is "From the people who help bring you Christmas — Please Mail Early".

Along with getting parcels and letters in the mail early, Spring Valley Postmaster Bill Fitzpatrick listed several items which will help make a happy — and timely — holiday season.

"Use zip code on all mail", Fitzpatrick said, which will help to move the expected 10 billion pieces of holiday mail. Another hint he noted was that only one side of a parcel should be addressed, preferably written directly on the parcel instead of on a label, which may come off during transport.

It's also a good idea to enclose a note in all packages listing the name and address of both the sender and the recipient and the contents of the package. Additionally, he said, packages should be sturdy and properly tied with heavy string.

Lemon Grove Postmaster Frenchy Faucher told of deadlines which must be met if parcels and letters are to reach their destinations by Christmas. The deadlines are:

December 1: Surface parcels for delivery in the farther points of the United States.

December 3: Surface parcels to most parts of Canada and Mexico.

December 8: Surface cards and letters to Canada and Mexico.

December 10: Surface cards and letters to farther points in U. S., surface parcels for local delivery, and air parcels to Far East, Near East, and Africa.

Dec. 13: Air parcels to

Hardison's Telespanish

By JAMES HARDISON

"Estuvo" means "were." If you wish to say "Where were you?" you might express the question "Donde estuvo usted?" "Estuvo" can also mean "was." This may be demonstrated in the expression "Donde estuvo el?" Where was he?).

"Estuve" means "I was." We may see this in expressions like "Estuve aqui." (I was here.) and "Estuve en mi casa." (I was in my house.). Other expressions with "estuve" are seen in "Estuve con used." (I was with you.) and "Estuve en mi clase." (I was in my class.).

"Estuvieron" is the plural form of "were." This form may be used in expressions like "Cuales estuverion aqui?" (Which ones were here?) and "Por que no estuvieron ustedes alla?" for "Why were all of you not out there?"

"Estuvimos" is also a plural form. This form suggest that the subject is "we" as seen in the phrases "Estuvimos contentos ayer." (We were happy yesterday.) and "Estuvimos en el centro." (We were downtown.).

Questions which reflect the appropriate use of "estuvimos" are seen in "Estuvimos con ustedes?" (Were we with you?) and "Estuvimos cansados?" (Were we tired?). Answers for these questions might include responses like "No estuvimos con ustedes." (We were not with you.) and "Estuvimos muy cansados." (We were very tired.).

All four words, "estuvo, estuve, estuvieron, and estuvimos," suggest conversation about things or activities that took place in the past such as actions completed yesterday, last week, or last year.

Practice phrases listed below continue to demonstrate the manner in which we may express ourselves when talking about completed activities. See if you can say them with the recorded voice on 276-2762.

IMPORTANT PHRASES:

"Donde estuvo usted?" (D O H N - deh eh-STOO-voh oo-STEHD)
"Where were you?"
"Estuve en la oficina." (eh-STOO-veh ehn lah oh-fee-SEE-nah)
"I was in the office."
"Estuvieron alegres ellos?" (e h - s t o o - vee-EH-rohn ah-LEH-grehs EH-yohs)
"Were they happy?"
"Si, ellos estuvieron alegres." (SEE EH-yohs eh-stoo-vee-EH-rohn a h - L E H-grehs)
"Yes, they were happy."

Monarchs Get Football, Cross Country Victories Over Matadors

MV Harriers Scorch Mount Miguel Course

The Monte Vista cross country team, with sterling performances by Gary Close and Tom Wendt, won an exciting meet over the Mount Miguel Matadors last Friday afternoon on the Matador course.

The Monarchs, although they looked as though they were about three or four points behind Mount Miguel at the mile mark, came through with good team efforts over the remainder of the course to claim the win.

What could well have been a fantastic race for the finish line between Matador Joe Stubbs and Monarch Gary Close failed to develop, as Stubbs suffered a recurrance of a hip injury about two-thirds of the way through the meet, and limped to third place.

Close and Stubbs have met twice before this season in invitational meets and Stubbs claimed victory once while Close got the nod in the second meeting.

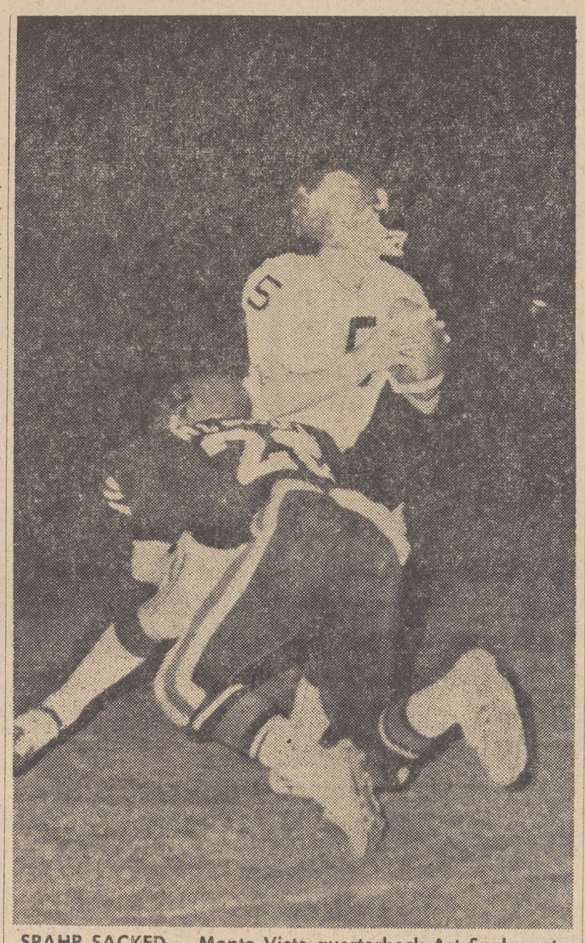
At the mile mark, both runners had a 4:34 clocking.

The Monarchs, though, were also weakened in the meet, as solid runner Rick Duenez was forced to sit out after being injured earlier in the week. Duenez was hit by a motorcycle while he was working out.

Both teams will tomorrow run in the CIF preliminary meet at Palomar College, and both are expected to qualify for the finals, which will be held next Wednesday, also at Palomar.

Stubbs is a doubtful starter in the prelims, but will probably be ready for the finals if his team qualifies.

Favorites for the CIF competition are Clairemont, El Cajon, and Monte Vista with Clairemont expected to take first place. The Monarchs, although losers in a dual meet with El Cajon, have come a long way in the past couple of weeks and could very well surprise the Braves.



SPAHR SACKED — Monte Vista quarterback Art Spahr gets an unexpected jolt from Mount Miguel defensive end Phil Reese in prep football action last Friday night at Mount Miguel. Spahr didn't let the bruising tackle shake him up, however, as he led his team to a touchdown with 40 seconds left in the contest to upset the Matadors 19-18.

Late TD Gives MV Upset Win

The Monte Vista High School football team added the finishing touches to an unbelievable comeback season in grand style last Friday night by knocking off arch-rival Mount Miguel in one of the most exciting contests of the year, 19-18.

The win for Monte Vista was its fourth of the year and third of the league season. The victory gave the Monarchs the mythical Spring Valley championship and spoiled the Mount Miguel homecoming.

The game was as exciting as it was surprising. The Monarchs opened up in the first quarter with both barrels, marching 67 yards in ten plays to take a 7-0 lead. Monarch quarterback Art Spahr, who hit for 61% of his passes, capped the drive with a nine-yard pass to Jerry King for the score.

Spahr continued his hot passing hand in the second quarter, leading an incredible 87-yard drive to pay dirt with flare passes and quick openers over the middle.

As Spahr's team drew near to the end zone, he found Alan Cornwell open and hit him with a 12-yard spiral that made it 12-0. The extra point, which was good, made it 13-0.

As the half waned, a stunned Mount Miguel team was brought back to reality by a tremendous effort from Tim Miller, who returned a Monarch punt 44 yards to the Monte Vista 21-yard stripe.

Mount Miguel quarterback Jess Jenner quickly put together a Miller-Dan Cowan running attack and as time was running out, the Matadors made it 13-6. Dan Cowan got the call for the final play, a three-yard off-tackle plunge to the score. Jenner's kick was no good.

After the halftime intermission, Mount Miguel settled down to a good solid defensive game, playing ball control. In the third period, the Miguel running attack battered the Monarch defensive line and the Matadors put a scoring drive together.

Jenner master-minded the attack which saw Miguel drive for 65 yards in 11 plays. Dan Cowan once again got the call to carry the pigskin in for the score, accomplishing his feat from a yard out.

Mount Miguel, being unable to afford a tie, went for the two-point conversion in hopes of taking the lead, but Jenner's end zone pass was incomplete. Mt. Miguel needed the win rather than a tie to keep hopes alive for a CIF playoff berth.

A punt exchange ensued, and before long the game was in the fourth quarter with Monte Vista still clinging to a 13-12 margin. About midway through the final stanza, Mt. Miguel engineered a drive to apparent victory.

Working on the familiar ball control-short pass combination, the Matadors slowly ate up the ground between them and the end zone. In the course of the 86-yard march, Jenner twice converted fourth down plays to keep scoring hopes alive.

Finally, on the eighteenth

MPV CANDIDATE — Mount Miguel running back Tim Miller (24) eludes tackles enroute to a 44-yard punt return in game Friday night. Miller who is a good candidate for Most Valuable Player in the Grossmont League, was finally brought down on the Monte Vista 21-yard line. (Mark Coffin photo)

GOOD GAIN — Monte Vista halfback Tim Murphy (0), comes to rest in an unlikely spot — right on top of Mount Miguel defender Bob Soler, who made the tackle with help from Mike Rathje, who is hidden.

When electricity went off in five South Carolina towns, it was found that snake had struck a high voltage line, causing a short circuit.

Post-Season Action Due Tomorrow Night

By John Nicholson

With the league seasons coming to a wild and wooly finish, its time for a look at post season action for Grossmont League teams.

For cross country fans, there is a treat in store at Palomar College, where the San Diego Section C.I.F. preliminary meet will be held at 3 p.m. Five schools are sure bets to qualify, including four from the Grossmont League. Helix, El Cajon, Monte Vista, and Mount Miguel will be battling from the Grossmont League, while Clairemont will be the super-threat from outside the local league.

For those teams that do not qualify as a whole, individuals who show superior performances will also earn a trip to the finals, so many schools will be represented at the finals. League schools who have a good chance to have individual qualifiers include Granite Hills, and Grossmont.

For football fans, there will be four games in preliminary playoffs, with two coming from the Grossmont League. The two local teams will be Grossmont, who takes on powerful Kearney tomorrow night at Aztec Bowl, and El Cap, who tangles with a rough Sweetwater crew at Southwestern tomorrow at 8 p.m.

Both local schools, although they are underdogs, get the nod here, and should be present when the second round starts. The second round will begin November 26 at Aztec Bowl, and will conclude the following evening, also in Aztec Bowl. The finals will be December 3 in San Diego Stadium, with Grossmont my pick to make it to that point before dropping a contest to Patrick Henry.

El Cap, however, will probably meet the Patriots in the second round, and could make a good show of it, but Henry is a very strong group and should win.

The football and cross country seasons wane, a quick look at basketball and wrestling is in order.

In Grossmont League basketball, the Grossmont Foothillers should be the team to beat, although Helix and Santana could blossom into contenders. Monte Vista looks to be in pretty good shape and Mount Miguel could break into the top four.

On the wrestling scene, it'll more than likely be the same type of action that has become tradition in the Grossmont League. Helix, Mount Miguel, and Monte Vista will once again battle it out for the top spot, with any of the teams a good bet to wear the crown.

Granite Hills and Grossmont are two other teams that may show promise when the league curtain is raised.

Gulls on Road Trip; Back for Thanksgiving

DENVER — The San Diego Gulls open a three-game road trip here tomorrow night, facing the league-leading Denver Spurs.

Game time is 7 o'clock and the game will be broadcast on KOGO radio 60 at 6:45 p.m.

Following tomorrow's game, the Gulls will play the Portland Buckaroos in Portland Sunday evening and move on to Seattle for a Wednesday night game before returning home to face Portland next Thursday, Thanksgiving Night at the Sports Arena.

The Gulls played Phoenix at the Sports Arena last night in the opening game of a busy stretch that will see San Diego play seven games in 12 nights.

In last week's action, the Gulls gained one out of four points in a big weekend series; losing to Portland, 6-4, on Friday night and coming from behind to tie Denver, 3-3, on Saturday night.

The Gulls had four leads in the game against Portland before a three-goal Buckaroos' third period gave him the win. Orest Kindrachuk and Earl Heiskala each had a goal and two assists for the Gulls.

Against Denver, the Gulls trailed 2-0 and 3-1 before Brian McDonald scored a pair of third period goals to even the game.

'Job Fair' Opens

A "Job Fair" for veterans is being held today at the Veterans War Memorial Bldg. in San Diego.

The Fair will be from 9 a.m. to 3 p.m. at which time veterans will be interviewed and advised on the availability of future jobs.

It is believed diamonds were formed millions of years ago in molten laval.

Favorites Win Junior High Cross Country

Although additional schools were entered in last week's La Mesa Recreation Department junior high cross country meets, the two favored teams managed victory without much trouble.

In the seventh grade competition, Manuel Sandoval led La Presa to an easy victory, wrapping up first place while teammates Danny Riddle and Rick Frantz took fourth and fifth over the mile-and-a-quarter course at Helix High School.

Parkway Junior High managed second place with 42 points, just 13 points behind the winners, while Spring Valley took third with 75 tallies. In fourth place was Einstein Junior High, running for the first time and racking up 89 points, while Emerald Junior High, also running for the first time, took fifth place with 133 points.

L.G. Junior High rounded out the first-time runners taking sixth with 170 points, while La Mesa, a veteran team, entered only one man and took seventh place with 185.

In the eighth grade competition, a tremendous battle took place between eventual winner Parkway and runner up Spring Valley, with both schools putting together fine grouping.

Greg Jensen, Randy Wallace, and John Lasko, all of Parkway, took second, third, and fourth, to make the La Mesans look like a sure winner.

But five Spring Valley runners had other ideas, coming in within ten seconds of one another to make things too close for Parkway comfort. The Spring Valley runners were Derrick Privett, Dave Brown, Mick Luque, John Thompson, and John Seavelle, who took places five through nine.

THE PHONE BOOTH

You can save money by choosing how and when you call long distance.

I'd like to remind you that it's possible to save quite a bit of money on many long distance phone calls you make within California. Just keep these things in mind.

First, you can save at least 20% on a three-minute station-to-station long distance call by dialing direct instead of placing it through the Operator.

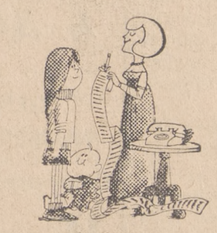
Second, long distance station-to-station rates vary depending on when you call. The rates go down after 6 p.m. every night and on the weekends.

6 P.M.

Here's an even better bargain. Between 11 p.m. and 8 a.m. every night you can now dial direct (without operator assistance) to anywhere in California for 49 cents or less, plus tax, for the first three minutes. This 49 cent station-to-station rate also applies from 8 a.m. to 6 p.m. every Sunday and on Washington's Birthday, Independence Day, Labor Day, Thanksgiving, Christmas, and New Year's Day, too.

11 P.M.

8 A.M.



When you're going out for the evening, here are a few suggestions that may help both you and the babysitter relax. Write down the names of the places you're going, the phone numbers, and the approximate time you'll be at each place. Have emergency numbers, including the family doctor's, written down also. Then—having taken these precautions, a night out can be more pleasurable.

Goodwill Thanks-for-Giving

Goodwill Industries has set he month of November as "Thanks-For-Giving" month. The local observance is part of a nation-wide effort to thank the public for it's year round support.

Eugene Morrill, executive director of San Diego's Goodwill Industries said Thanksgiving is a very special holiday for his organization's handicapped workers.

Monte Vista Drama Department Sets Performances

A series of dramatic performances which will be open to the public has been planned by the Monte Vista High School Drama Department, Director Ron Ray said.

A coming double-feature attraction will be "A Resounding Tinkle" and "Bury the Dead," scheduled for Nov. 19 and 20 at 8 p.m. in room 1003. The latter play will be presented by Town and Gown, an organization whose members come from the community, alumni and student body.

Off-campus members of Town and Gown are Howard Muhleman, Richard Haustein, Scott Kenny, Greg Leigh; graduates Mary Jo Hillman, Jayne Relaford and Vickie Radek; and students Jeff Muhleman, Randy Hagenhoff, Bruce Haustein, Shawn Flanagan, Nancy Relaford and Marti Cope.

Starring in the student performance of "A Resounding Tinkle" will be Heidi Lasley, Greg Barnes and Janey Carter.

Next semester's plays will be "See How They Run" and a murder mystery, "Rope." Student directors will be Bruce Haustein, Jeff Muhleman, Ca[illegible]mith, Bob Jones and Monte Vista graduate Mary Jo Hillman.

The Drama Department is also planning lunch-time theatre presentations which students will attend during lunch periods. Tickets will cost a dime.

The department will continue its experimental theatre, with performances scheduled every four weeks. Anyone on campus may participate.

Another organization within the drama group is the Scene Productions students who will act out scenes from Shakespeare

VFW Auxiliary President To Make Official Visit

Mrs. F. Durkee, president of the First District VFW Auxiliary, will make her official inspection visit to the SD County Council Nov. 22.

The inspection will be at the Chula Vista VFW Post Home, 99 "I" st. at 8 p.m. A buffet will follow.

Judy Sobel Stars In 'Born Yesterday'

By Lee Sinclair

Born Yesterday, the story of a "dumb broad" who walks out on a big time junk dealer, opened November 5 at the Actors Quarter, 480 Elm st., San Diego.

The role of Billie Dawn, Harry Brock's long-time girlfriend, was played by superbly by Judy Sobel, a performance that was nearly spoiled by lesser actors in the Garson Kanin comedy-melodrama.

In the play, Brock, the multi-millionaire junk dealer, hires a journalist as a tutor for Billie, in hopes that his woman can pick up enough sophistication to fit in with the Washington, D.C. ladies.

The high point of the play was when Billie, after getting enough enlightenment from her teacher to know what a louse Brock is, turns on the swindler, asking him to "Do something for me Harry, drop dead!" The audience cheered.

The direction of Born Yesterday appears to imply that the author is trying to bring a message to the audience through laughter, rather than through the time-worn dramatic or sermon-type story.

One other actor, in addition to Miss Sobel, handled his part as Kanin wrote it. He was Jon Maxwell Smith, who played Brock's "drunken assistant attorney general", and played it so well that front row patrons may have been able to smell the booze on his breath.

Charles Costa, in the part of Brock, was too loud, and Pete Webster was weak in his portrayal of Billie's teacher, which killed all hopes of a balanced performance. Webster will improve as the play progresses and he becomes more sure of himself, but Costa must learn to bring his emotions out without so much noise, which director Paul Troske will have to help him work out.

Born Yesterday, a play with the potential to be the best ever at the Quarter, still has a few performances and time to ripen before the final performance December 11. The production is staged Friday and Saturday evenings at 8:30 p.m.

Officers Elected At S.V. School

Following a vigorous campaign, four youngsters at Kempton Street School in Spring Valley, were elected to student body offices in an election held November 5.

Elizabeth Riggins, a sixth-grade student, was named Student Body President by the voters, after having served as interim president from the opening of school until the end of last month.

Jean Boggs became the new vice president, Mike Elsperman was named secretary, and Tammy Campbell was elected treasurer. All of the officers were installed at a student council meeting after the election.

Along with the officers, student body room representatives make up the student council, with representatives selected early in the year from each classroom in grade four, five, and six.

The student council meets twice each month and sponsors fund raising drives to purchase items for the school. Gifts from the student council have included bicycle racks, trophy cases, and display boards.

Films Due Tonight At Grossmont Gardens

Grossmont College will continue its fall film series this evening when "The Good Earth" and the first episode of "Fighting With Kit Carson" are screened at 7 p.m. at Grossmont Gardens, 5480 Marengo ave., La Mesa.

Based on a novel by Pearl Buck, produced by Irving Thalberg, and directed by Sidney Franklin, the cast of "The Good Earth" includes: Paul Muni, Luise Ranier, Walter Connolly, Tilly Losch, Keye Luke, and Charles Grapewin. "The Good Earth" is the story of the slave bride of a simple Chinese laborer and her devotion to her husband's family.

The film portrays her success in holding the family together through storm, revolution, famine and pestilence until the upheavel of civil war in China brings wealth to the family. Her happiness is endangered when her husband brings home a second and more beautiful wife. The film reaches its climax with the famous locust plague montage, created by Slavko Vorkapich.

In the first episode of the series, "Fighting with Kit Carson," Johnny Mack Brown, Noah Beery, Sr., Noah Beery, Jr. and Al Bridge join forces to make this old Western one of the best serialized films of the 30's.

In "Fighting with Kit Carson," a band of masked outlaws surge through the West making life tough for the homesteaders. The outlaws are secretly headed by a respected businessman bent on becoming boss of the entire Southwest. Kit Carson and his friends straighten things out and make the West a safe place for decent folks to live.

Volleyball Tourney Set At Grossmont College

Grossmont College will host the 1971 San Diego Women's Intercollegiate Board Volleyball Tournament November 18 and 19. The whistle will blow for the tournament's first games at 4 p.m. this afternoon in the gymnasium. Play will continue Friday at 1 p.m.

Teams entered are from Palomar College, San Diego Mesa College, San Diego State College, United States International University, University of California San Diego, Southwestern College, and Grossmont College.

Teams will be seeded on the basis of league standings. The teams have been competing in regular league play for the past six weeks. San Diego State is on top with a 5-0 record, followed by San Diego Mesa at 3-2. Grossmont, University of California San Diego, United States International University, and Palomar all have matches remaining to be played, with final standings expected to be close.

Rockhound Round-Up To Draw Thousands

Local Rockhounds are invited to join several thousand who are expected to gather at Walker's Gold Rock Ranch, in Imperial County north of the ghost town of Ogilby, on November 25-28, when the Council of the San Diego County Gem & Mineral Societies sponsors their Sixth Annual Rockhound Round-Up, with the North Island Gem & Mineral Society as Host.

John O. Peck, Jr., 8020 Lincoln st., Lemon Grove, chairman for the event, said "anyone interested in rocks, minerals, fossils, geology, or the beauty of the desert in the late fall is especially welcome to attend. There is no admission charge, and unlimited, free, campsites are available thru the courtesy of the Gold Rock Ranch. Experienced leaders will conduct daily field trips to ten different locations for agate, minerals, fossils, geodes, and petrified woods. Trips to the ghost town of Tumco have also been scheduled."

"There will be a non-denominational Church Service on Sunday morning at the Walker Memorial Wayside Rest."

To reach Walker's Gold Rock Ranch take the Ogilby road off-ramp of Interstate 8 at 45 miles east of El Centro, and north about 8 miles on paved road to posted turn-off. It is 1½ miles on well-graded dirt road to the ranch entrance.

Motor-bikes, trail bikes, scooters, dunebuggies, and other motorized pleasure craft are not allowed to travel within the camping ground. All pets must be on leash. No firearms. Area will be patrolled.

Mail Service Now For Mobilehomes

More than 26,000 families in California living in mobile home parks built during the past 16 months will be eligible immediately for curbside mail delivery according to Alan Cranston (D., Calif.)

The new Postal Service policy reverses a decision announced in July 1970 and comes in response to a protest by Senator Cranston that the Postal service was discriminating against mobile homeowners.

Classifying mobile home parks as "concentrated housing areas" the postal service had ordered that mail deliveries to parks built after July 1, 1970 be made only to clusters of boxes or managers' offices. This involved "considerable inconvenience for many mobile home residents who are homeowners and deserve the same service as other homeowners," Cranston said.

Only people living in mobile home parks built before that date have continued getting curbside mail delivery.

Cranston asked Postmaster General Winton M. Blount last March to reverse the department's decision.

Bob Wilson to Speak

Congressman Bob Wilson will be guest at a dinner in La Mesa Friday to discuss problems relating to Congress. Following a "Meet The Press" format, panelists will question him on legislative issues.

Topics will include Phase II of the President's Economic Program, the All Volunteer Army and Congressman Wilson's recent trip to Viet Nam.

The dinner is sponsored by the El Cajon and La Mesa Chambers of Commerce and will be held at the Bronze Room, 8998 La Mesa blvd.

A social hour will be at 6 p.m. and dinner at 7

Reservations are open to the public and may be made by calling 465-7700.

Warriors Return To Arena Sunday

Two special attractions in connection with the Golden State Warriors-Houston Rockets National Basketball Association game, Sunday, have been announced by the Warriors.

A free professional NBA clinic open to students of all ages is to be held at the San Diego Sports Arena, Sunday, from 12:30 to 1:30 p.m.

Members of the Warriors' team will conduct the clinic and all students attending will receive a coupon for a free hamburger and a ticket to the 7 p.m. clash with the Rockets. Entrance to the Arena for the clinic will be through the North Gate.

At halftime of the game, a ladies' free throw shoot will take place. All women will be eligible for one free toss with winners receiving a dinner certificate or future Warriors' game tickets.

Golden State is off to a tremendous start with 10 victories in its first 14 games. Warriors' offense is paced by newcomer Cazzie Russell and veteran holdovers Jeff Mullins and Nate Thurmond.

Snider to Manage Texas League Club

Duke Snider, one of the premier hitter in National League history, has been named manager of Alexandria, La., the Padres Class AA minor league team in the Texas League.

The announcement was made by Peter Bavasi, vice president and director of minor league operations for the Padres.

Snider, 44, a Fallbrook resident, for the past three years was a member of the Padres radio-television broadcasting crew. He also served as minor league hitting instructor. Jerry Gross, his announcing partner, will continue in radio sports. He is now announcer on "Hot Line" over KFMB.

Snider, who owns a major league career batting average of .298, twice has won pennants as a manager. He captured the 1967 Texas League title with Albuquerque and in 1966 led the Tri Cities (Wash.) club to the Northwest League crown.

He also served as manager of Spokane of the Pacific Coast League in 1965.

Snider during his 16 seasons with the Dodgers both in Brooklyn and in Los Angeles appeared in six World Series and played in seven All-Star Games.

Catonsville Nine Plays Carter Stage

One of the most controversial legal and moral events in recent American history is being dramatized at the Cassius Carter Centre Stage in Balboa Park. "The Trial of the Catonsville Nine" is presented by the Old Globe Theatre nightly except Monday, plus Sunday matinees.

Father Daniel Berrigan, his brother Philip and seven other antiwar activists raided the draft office in Catonsville, Maryland on May 17, 1968. They removed 378 draft records and burned them outside the office. A cameraman filmed the burnings as further evidence of their crime.

The nine peace-seeking Catholics were arrested, tried and convicted of destroying government property. Five of the nine are still serving prison sentences following their conviction.

Berrigan, known as the "rebel priest", wrote "The Trial of the Catonsville Nine" to dramatize the actual courtroom proceedings held three years ago in Baltimore.

Lemon Grove (Calif.) REVIEW

How to save money on your gas and electric bills.

(And help conserve energy.)

Wouldn't it be nice to know you're saving on your gas and electric bills *and* helping to solve a national problem? Few of us have extra money and today many areas of our country face an energy shortage. You *can* do something about both of these problems. You *can* save on your utility bills and at the same time do your part to conserve energy.

How? Look over the illustration below. It shows a number of do-it-yourself hints to keep a check on your utility bills and help conserve energy.

We realize that something which may seem to be a "wasteful" use of energy to one person, may be essential to another. For example, some householders may find it desirable to keep one or more lights on all night in their homes as a safety measure and for their peace of mind. Others might view this as unnecessary. So, as you read these hints, please keep in mind that they are simply *suggestions* for more economic use of energy.

SDG&E SAN DIEGO GAS & ELECTRIC COMPANY

1. Keep the damper closed when your fireplace is not in use, or block the opening with a movable cover such as plywood or insulating board.

2. Keep the opening and closing of doors to the outside at a minimum, so that heat doesn't escape from the house.

3. Don't waste money by playing with the thermostat. Contrary to popular belief, turning up the thermostat doesn't make the furnace produce any more heat — what it does is keep the furnace operating longer and use up more fuel. Set the thermostat at the temperature desired and leave it alone. If operating properly, the furnace will automatically turn itself on and off. Find the coolest indoor temperature at which the house is comfortable. Heating costs, for example, increase significantly for every degree above 70° that you set the thermostat.

4. Change or clean the furnace filter several times during the winter. A furnace with a dirty or clogged filter cannot operate at maximum efficiency. If a furnace or heating system doesn't seem to be operating properly, don't try to repair it. Contact your service representative or SDG&E.

5. If a room isn't being used, turn off registers and radiators and keep the door closed.

6. If the garage and attic aren't heated, keep the doors closed which connect with the rest of the house.

7. Never use a range or oven to heat a kitchen. . . . it was not designed for this use.

8. Check the insulation in your home. Seal all cracks and crevices, especially those found under the roof. Insulate the attic floor with about a 4-inch thickness of fibrous glass or exploded mica pellets or tack insulating batts between the roof rafters. If cold drafts are entering through corners, windows, doors and other areas, seal the area tightly.

9. If you're planning a winter vacation, why not give your fuel bills a vacation too? Before you leave, turn the thermostat down to the lowest setting.

10. Keep heaters free from obstructions. If you cover a radiator or block off a heat duct, the heat from that source is cut off and the room temperature will drop.

11. If you have a humidifier, be sure it's working properly. Adequate humidification during the winter permits fuel saving without any loss of comfort.

12. Check for leaky faucets around the house — they could be draining away hot water.

13. Make it a point to turn off the lights in all unused areas.

14. Have your air conditioning system serviced **before** warm weather approaches. If your air conditioning isn't working properly and efficiently, it will require more fuel and cost more to operate.

15. To get the most from your range or oven with the least amount of time, money and effort, try planning meals that can be completely prepared on only one part of the range—an all-oven meal for example. Call our Home Economics Department for suggestions.

If you have a gas range, check the flame — the gas should burn with a clear blue flame with no traces of yellow. If there are traces of yellow, try cleaning the burner. If the yellow persists, call your service representative or SDG&E.

Be careful when using aluminum foil to keep your oven clean. Don't use foil in any areas in the oven where it may block the opening provided for air circulation —if this air flow is blocked poor cooking will result. Don't use foil directly under a pan — it will reflect heat away from the pan.

16. Try to use your appliances to full capacity—you'll save time and money by putting reasonably full loads (but not overloads) in your dishwasher, washer and dryer.

ORDINANCE NO. 3787 (NEW SERIES)

AN INTERIM ZONING ORDINANCE ESTABLISHING ZONING REGULATIONS GOVERNING A PORTION OF THE LEMON GROVE AREA; ADOPTING, BY REFERENCE, PROVISIONS OF THE ZONING ORDINANCE (ORDINANCE NO. 1402 (NEW SERIES), AS AMENDED) AS APPLICABLE THERETO; PROVIDING A LEGAL DESCRIPTION OF SAID AREA AND THE ZONE THEREIN; AND PROVIDING FOR THE ENFORCEMENT THEREOF AND PRESCRIBING PENALTIES FOR THE VIOLATION THEREOF.

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. The Board of Supervisors finds as follows:

(a) The Lemon Grove area of San Diego County was originally zoned in 1942.

(b) Most of the properties within the Lemon Grove area have developed to a zoning pattern different from that contemplated in the zoning regulations which were adopted in 1942.

(c) Although most of the residential property located in the Lemon Grove area is zoned R-2-A, almost all of said property which has been developed has developed to an R-1-A density.

(d) Since the enactment of the zoning regulations applicable to the Lemon Grove area, changed circumstances in that area and the pattern of development of the area have indicated a necessity for adoption of modified zoning regulations.

(e) The County Planning Commission and the Department of Planning are considering and studying a contemplated zoning proposal for the Lemon Grove area.

(f) It is necessary to protect the public safety, health and welfare that this ordinance be adopted as an urgency measure to prohibit any uses which may be in conflict with said contemplated zoning proposal.

Section 2. The real property subject to the regulations established by this Ordinance are situated in the unincorporated territory of the County of San Diego, State of California, and are delineated on the map entitled "Interim Zoning Ordinance No. 3787 (New Series), Lemon Grove Area, San Diego County, California," consisting of one sheet. Said map is hereby adopted as a part of this Ordinance and is on file in the office of the Clerk of the Board of Supervisors.

Section 3. ZONES. In order to classify, regulate, restrict and segregate the uses of lands and buildings within the area referred to in Section 2 of this Ordinance, to regulate and restrict the height and bulk of buildings therein, to regulate the area of yards and other open spaces about buildings therein, and to regulate the area of lots and parcels of land and the density of population therein, one (1) zone classification is by this Ordinance established, to be known as follows:

R-1-A Residence Zone, hereinafter designated R-1-A Zone.

Section 4. The location and boundary of the R-1-A zone are hereby established as shown on the map referred to in Section 2 of this Ordinance. The land and area referred to in said Section 2 are hereby classified and zoned as stated.

Section 5. "The Zoning Ordinance" Defined. The term "The Zoning Ordinance," as used in this Ordinance, shall mean Ordinance No. 1402 (New Series), of the County of San Diego and all amendments thereto heretofore or hereafter adopted.

Section 6. REGULATIONS. For the purpose of establishing the regulations applicable to the land and area referred to in Section 2 of this Ordinance and the zone referred to in Section 3 of this Ordinance, the following provisions and regulations of the Zoning Ordinance applicable to the R-1-A Zone, referred to in the Zoning Ordinance, are hereby adopted as a part of this Ordinance and shall be applicable to the R-1-A Zone, specified in this Ordinance:

(a) All of Article II (Definitions).

(b) Sections 146 to 149, inclusive, and Section 149.1.

(c) All of Article XI-A (R-1-A Zone Regulations)

(d) All of Article XXVIII-A (Off Street Parking and Loading)

(e) All of Article XXIX (Unclassified and Special Use Regulations)

(f) All of Article XXX (General Provisions, Conditions and Exceptions)

(g) All of Article XXXI (Procedure for Granting Variances and Special Use Permits)

(h) All those portions of Article XXXIII (General Procedure Provisions) Applicable to Variances or Special Use Permits.

(i) Section 850 (Interpretation — Conflict of Provisions)

It is the intent of this Ordinance that the real property subject to the provisions of this Ordinance shall not be used and no building or structure shall be erected, constructed, moved, altered, enlarged or rebuilt in any manner that would be contrary to the provisions of The Zoning Ordinance had such real property been classified and zoned pursuant to and adopted as a part of The Zoning Ordinance.

Section 7. LIMITATION OF LAND USE. No building or structure shall be erected and no existing building or structure shall be moved, altered, added to or enlarged, nor shall any land, building, structure, or premises be used for any purpose or in any manner other than is permitted in the zone in which such land, building, structure, or premises are located and by the provisions of this Ordinance.

Section 8. ADDITIONAL USES.

(a) All uses permitted in the R-2 and R-2-A Zones are hereby permitted within the area subject to regulation by this ordinance provided a special use permit for any such use is issued in accordance with the provisions of The Zoning Ordinance adopted as a part of this ordinance; provided further that the issuance of a special use permit for the following uses shall be under the jurisdiction of the Zoning Administrator and there shall be no application fee for any such permit:

(1) A two family dwelling on each lot or building site

(2) Two one-family dwellings on each lot or building site having a depth of at least 125 feet; provided the space between such dwellings is at least 20 feet

(b) For purposes limited to the operation of this section all of Article XII (R-2 Zone Regulations) and Article XIII (R-2-A Zone Regulations) of The Zoning Ordinance are hereby adopted as part of this ordinance.

(c) An appeal from a decision of the Zoning Administrator with respect to an application for special use permit filed pursuant to this section may be made to The Board of Supervisors pursuant to the provisions of Article XXXI of The Zoning Ordinance.

Section 9. LIMITATION OF HEIGHT. No building or structure shall be erected, reconstructed or structurally altered to exceed in height the limits established by the provisions of this Ordinance.

Section 10. BUILDING SITE, AREA AND YARD REQUIREMENTS. No building or structure shall be erected, nor shall any existing building or structure be moved, altered, enlarged or rebuilt so as to reduce or encroach upon in any manner any open spaces surrounding any buildings, except in conformity with the provisions of this Ordinance.

Section 11. SEPARATE YARDS REQUIRED. No yard or other open space provided about any building or structure for the purpose of complying with the requirements of this Ordinance shall be considered as providing a yard or open space for any other building or structure.

Section 12. BUILDING SITE AND LOT REQUIREMENTS. No building or structure shall be erected, moved, altered, enlarged or rebuilt unless such building or structure is erected or located upon a lot or building site that conforms with the provisions of this Ordinance.

Section 13. COMPLETION OF EXISTING BUILDINGS. Nothing herein contained shall require any change in the plans, construction or designated use of a building or structure for which a building permit has been issued prior to the effective date of this Ordinance or any amendment thereof, provided that actual construction of such building or structure is commenced within 60 days after the date of issuance of the building permit and is completed within one year from the effective date of this ordinance and provided further that such construction and proposed use of such building or structure is not on said effective date in violation of any other ordinance or law.

Actual construction is hereby defined to be the actual placing of construction materials in their permanent position fastened in a permanent manner, except that where a basement is being excavated such excavating shall be deemed to be actual construction or where demolition or removal of any existing structure has been begun preparatory to rebuilding, such demolition or removal shall be deemed to be actual construction.

Section 14. VARIANCES AND SPECIAL USE PERMITS. Applications for variances and special use permits shall be made, considered, granted or denied as set forth in Article XXXI of The Zoning Ordinance adopted as a part of this Ordinance, and as set forth in Section 8 of this Ordinance.

Section 15. SEVERABILITY. If any section, subsection, sentence, clause, or phrase of this Ordinance is, for any reason, held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity or constitutionality of the remaining portions of this Ordinance, it being hereby expressly declared that this Ordinance and each section, subsection, sentence, clause, and phrase hereof would have been prepared, proposed, adopted, approved, and ratified irrespective of the fact that any one or more other sections, subsections, sentences, clauses, or phrases be declared invalid or unconstitutional.

Section 16. ENFORCEMENT. It shall be the duty of the Director of Building Inspection of the County of San Diego to review all applications for building permits. Each application for a permit to construct a building or structure filed with the Director of Building Inspection shall be checked by him for compliance with this Ordinance. The Director of Building Inspection shall not issue any permit for the erection, construction, reconstruction, installation, and enlargement, or authorize any construction, repairs or improvements which would violate this Ordinance.

It shall be the duty of the Director of Planning of the County of San Diego to enforce all provisions of this Ordinance.

Section 17. PENALTY. Any person, firm or corporation, whether as principal, agent, employee or otherwise, violating any provision of this Ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punishable by a fine of not more than Five Hundred Dollars ($500.00) or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Such person, firm, or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of this Ordinance is committed, continued or permitted by such person, firm or corporation, and shall be punishable as herein provided.

Section 18. NUISANCE. Any building or structure erected, constructed, altered or maintained and/or any use of property contrary to the provisions of this Ordinance is hereby declared unlawful and a public nuisance and the County Counsel shall, upon order of the Board of Supervisors, immediately commence necessary procedures for the abatement, removal and/or enjoinment thereof in the manner provided by law.

All remedies provided for herein shall be cumulative and not exclusive.

Section 19. EMERGENCY MEASURE. This ordinance is declared to be an ordinance necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 3751 of the Elections Code and shall take effect immediately. The facts constituting such necessity are as follows:

For the reasons set forth in Section 1 hereof it is necessary that this ordinance be adopted as an urgency measure to prevent development of the area in a manner inconsistent with anticipated comprehensive zoning plans and adverse to the welfare, development potential, established character, and integrity of the area.

Section 20. PRIOR ORDINANCE REPEALED. Ordinance number 3732 (N.S.), as amended, which ordinance applies interim zoning regulations to a portion of the real property described in Section 2 hereof, is hereby repealed and superseded by the terms of this ordinance.

Section 21. EFFECTIVE DATE. EXPIRATION DATE. This Ordinance shall be in force and effect from and after its passage and shall expire on November 6, 1972. Before the expiration of fifteen (15) days after its passage this Ordinance shall be published once, with the names of the members voting for and against the same, in the Lemon Grove Review, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED, AND ADOPTED this 9th day of November, 1971.

WILLIAM A. CRAVEN
Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote:

Supervisor Jack Walsh voting "No"
Supervisor Henry A. Boney voting "Aye"
Supervisor Harry F. Scheidle voting "Aye"
Supervisor Jim Bear voting "Aye"
Supervisor William A. Craven voting "Aye"

ATTEST my hand and the seal of the Board of Supervisors this 9th day of November, 1971.

SAFEETY EDUCATION MONTH — November has been designated as Safety Education Month at Bancroft Elementary School in Spring Valley, with many activities planned by the school's health education specialist, Mrs. Lillian Olson.
One of the major activities which took place this past week was a model "Safety Town" set up on the school grounds. On hand to teach the children safety rules of the road was Deputy Sheriff Ray Spietel of the San Diego County Sheriff's Department.
The equipment necessary to make "Safety Town" a success was donated for the school's use by the La Mesa Junior Woman's Club.
In photo, Spietel instructs two young "drivers" Gregg Adams, left, and Alan Porter, in safety on the road, while classmates Eddie Greeson, left, Joey Rempe, Tamra Hall, Stephanie Krause, and Bill Weddle, watch.

Rotary Meeting Set

The weekly luncheon-meeting of the Spring Valley Rotary Club will be Friday at 12:10 p.m., in the Ox Bow Inn, Campo rd., Spring Valley.

All Rotarians are welcome, said president Bob Brady. Guest speaker will be Court Shepperd, a new Spring Valley Rotarian, who will be talking on "International Service."

play of the drive, Dan Cowan got the call and carried the ball into the end zone for what looked like the winning points, as Mount Miguel took an 18-13 lead.

With two minutes left to play, Monte Vista continued a game battle and ran the subsequent kickoff back to its own 35-yard stripe.

Monte Vista QB Art Spahr engineered the drive from there, hitting on short passes and handing off to running back Bob Shipley. With just 40 seconds left in the ball game, Spahr spotted Mark Maley alone in the end zone and hit him with a bullet pass for the winning points.

Mount Miguel made a last ditch try reach good enough field position to attempt a field goal, but an interception deep in Monarch territory sealed the Monte Vista victory.

Favorites Win Jr. High Meets

er, Cliff Davenport, running for La Presa, took tenth, and he was followed by Parkway runners Dan Ferreira and Nasyl Futala. When the dust cleared and the score was totaled, Parkway had 32 points and Spring Valley was second with 35 tallies.

La Presa Junior High, despite Richard Bales winning performance, didn't have the grouping, and was third with 52 points. La Mesa took fourth with 107 points, while Emerald was fifth with 112.

Another meet is scheduled for this afternoon at Helix, to get underway at 4 p.m., with both seventh and eighth graders running over identical mil-and-a-half courses.

Aztec Bus Service Set

San Diego Transit Corporation's direct-to-the-stadium bus service will be available to Aztec football fans attending Saturday night's game when the home team meet Arizona State in San Diego Stadium at 7:30 p.m. A bus leaves from College Grove at 6 p.m.

Pie Sale Planned

The Lemon Grove Veterans of Foreign Wars Post No. 2082 Ladies Auxiliary will sponsor a "home-made" pie sale tomorrow afternoon from 3 to 6 p.m. at the VFW Hall, 2885 Imperial ave., Lemon Grove.

PTA HILITES

L.G. Junior High

The Lemon Grove Junior High School Parents-Teachers Association will sponsor an "open house" at the school this evening at 7:30 p.m.

Following a brief business meeting in the school auditorium, parents will have the opportunity to visit their youngsters' classrooms and meet with teachers.

All parents have been urged to bring a copy of their youngsters' schedules to the meeting.

Avondale

Dr. David Pascoe, Assistant Superintendent for Instruction with the La Mesa-Spring Valley School District, will be the guest speaker at the meeting of the Avondale School Parent-Teachers Association November 23 at 7:30 p.m. in the school cafetorium, 5401 Stansbury st., Spring Valley.

Pascoe will speak on "How Meaningful is Today's Education for Your Child?" Following the talk, parents will be able to express their views and ask questions during an interaction session.

A follow-up meeting for discussion of relating subjects stemming from the session is scheduled for January.

Santa Sophia

The November general meeting of the Parent-Teacher group at Santa Sophia Academy in Spring Valley will be held this evening in the parish hall at 8 p.m.

Joan Boeman, co-ordinator of the Nuffield Math Project has been invited to speak to parents about the program, which was initiated at the school this year. Miss Boeman will bring a display of materials used in the program and will explain the philosophy in the classroom.

Prior to the meeting, the school will have an open house, with parents invited to visit their childrens' classrooms and meet with teachers, starting at 7 p.m.

Palm Jr. High

The Palm Junior High School Parent-Teachers Association will meet this evening in the school cafetorium at 7:30 p.m., with parents to visit their students' classrooms after a brief business session.

Teachers will be available for conferences and progress reports after the meeting.

Golden Avenue

The Golden Avenue Elementary School Parent-Teachers Association will celebrate "sports night" this evening in the school cafetorium, at Golden ave. and School lane in Lemon Grove.

After the program, refreshments will be served. Parents and students alike are invited to the meeting.

Applications Open For 'Assembly Internship'

Assemblyman Wadie P. Deddeh said this week that applications are now being taken for the Assembly Internship Program for 1972-73.

The program, now in its 14th year, provides a 10-month working education in the Assembly for recent college graduates with bachelors or advanced degrees in fields such as political science, journalism, history, government or law.

The ten interns chosen will be assigned to staff positions with Assembly committees or other Assembly offices and will research legislation, assist in committee business, write reports and be given special assignments by members or staff consultants.

The program begins September 1, 1972 and ends June 30, 1973. Interns are paid $650 a month during their stay at the Capitol.

Applications may be obtained from the California Assembly Internship Program, California State College at Fullerton, 800 North State College Blvd., Fullerton, CA 92631 or from the Assembly Office of Research, Assembly P.O. Box 01, State Capitol, Sacramento, CA 95814.

Weatherman Brings Rain and Cold

It may have rained more in downtown San Diego but the rainfall amounted only to .07 of an inch Friday in the Lemon Grove-Spring Valley area.

The storm brought the season total to 1.24 which compares with .97 last season. Rain season starts July 1.

The storm left in its wake some cool weather. The thermometer dipped to 40 degrees Monday night. Rain and hail are reported Monday night in the back country in the Jamul area, but none locally.

AREA OBITUARIES

E. V. Stone

Graveside services were held Friday at Fort Rosecrans Cemetery for Eva V. Stone, 84, of 7150 Broadway, space 11-D, Lemon Grove, who died November 9 at Foothills Medical Hospital in El Cajon.

A native of Canada, she lived here for six years. El Cajon Mortuary was in charge of arrangements.

She is survived by a sister, Mrs. Dominic Bruno, of Venice, California; a niece, Lenore Bromneland, of Ohio; one other niece and three nephews, all of Canada.

R. Riner

Memorial services were held Tuesday afternoon at the Conrad Lemon Grove Mortuary Chapel for Roy Riner, 63, of 9396 Jamacha rd., Spring Valley, who died November 11 at Paradise Valley Hospital.

Riner, a native of Canada, lived here 42 years. He was the proprietor of a second-hand store for seven years. Interment was at Greenwood Memorial Park.

Riner is survived by his wife, Rose; two sons, Walter C. Riner, of Fresno, and David L. Riner, of San Diego; three daughters, Luella Ellis, Betty Hudson, and Rae Villegas, all of San Diego; a brother, Ernest, of Paradise, California; a sister, Violet, of Sini, California; and eight grandchildren.

Services Set

A joint Thanksgiving Eve service will be held at the Vista La Mesa Christian Church next Wednesday with the Windsor Hills Baptist Church joining with the Vista La Mesa Christian Church.

Combined choirs of both congregations will sing the traditional, "Thanks Be To God," by Dickerson under the direction of Pastor Eldon Seibold of the Windsor Hills church. Pastor Ron Nowlin of the host church will bring the Thanksgiving message.

Vista La Mesa Christian church is located at 4210 Massachusetts ave., and the service will begin at 7:30 p.m.

NOTICE IS HEREBY GIVEN that on December 6, 1971, at 9:00 a.m. in Room 358, County Administration Center, 1600 Pacific Highway, San Diego, California, the Local Agency Formation Commission of the County of San Diego will meet to hear and consider a proposal to form the Arcadia Avenue County Service Area, in the vicinity of Lemon Grove, under the authority of the County Service Area Law within the hereinafter described territory. At the hearing, said Commission will hear any interested parties who have made formal request to appear and be heard, and will hear and consider the report of the Commission's staff.

The boundaries of the proposed service area include approximately 6.2 acres which straddle Mt. Vernon Street on the South, Imperial Avenue on the West, and Cypress Avenue on the North, in the County of San Diego, State of California.

Application to form said district is on file at the office of the Executive Officer of said Commission, Room 214, County Administration Center, 1600 Pacific Highway, San Diego, California, and may be examined by any interested person (Proposal No. DF71-12).

Dated: November 18, 1971
S. M. SCHMIDT,
Executive Officer
Local Agency Formation Commission
County of San Diego

ORDINANCE NO. 3786 (NEW SERIES)
AN ORDINANCE AMENDING ORDINANCE NO. 3732 (N.S.) ESTABLISHING INTERIM ZONING REGULATIONS FOR A PORTION OF THE LEMON GROVE AREA. BY EXTENDING THE TIME SAID ORDINANCE SHALL REMAIN IN EFFECT

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. Ordinance No. 3732 (N.S.) was adopted August 10, 1971, to establish interim zoning regulations for a portion of the Lemon Grove area. Studies preparatory to regular zoning for this area have been started but due to the length of time required to complete these studies and to hold the necessary public hearings thereon prior to adoption, it will not be possible to adopt regular zoning for this portion of the Lemon Grove area prior to the expiration of said interim zoning ordinance. Therefore, after due notice and hearing pursuant to Section 65858 of the Government Code this Board of Supervisors has determined it to be necessary that said interim zoning be extended for one year.

Section 2. Ordinance No. 3732 (N.S.) is hereby amended by adding Section 20 thereto to read as follows:

Section 20. EFFECTIVE DATE EXPIRATION DATE. Section 19 hereof to the contrary notwithstanding, this Ordinance shall be in force from and after November 7, 1971 for a period of one year.

Section 3. URGENCY MEASURE This Ordinance is declared to be an ordinance necessary for immediate preservation of the public peace, health and safety with in the meaning of Section 375 of the Elections Code and shall take effect immediately. The facts constituting such necessity are as follows:

For the reasons set forth in the Section 1 hereof, unless this amendatory ordinance is adopted as an urgency measure said Ordinance No. 3732 (N.S.) will expire before the necessary administrative actions can be completed, making permissible the development of the land now regulated by Ordinance No. 3732 (N.S.) in a manner adverse to the development potential and welfare of the area, and to the established character and integrity of the area.

Section 4. EFFECTIVE DATE. This Ordinance shall be in force and effect from and after its passage, and before the expiration of fifteen (15) days after its passage it shall be published once with the names of the members voting for and against the same, in the Lemon Grove Review, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED, AND ADOPTED this 3rd day of November, 1971.

WILLIAM A. CRAVEN
Chairman of the Board of Supervisors of the County of San Diego, State of California

The above ordinance was adopted by the following vote:
Supervisor Jack Walsh voting "Aye"
Supervisor Henry A. Boney voting "Aye"
Supervisor Harry F. Scheidle voting "Aye"
Supervisor Jim Bear voting "Aye"
Supervisor William A. Craven voting "Aye"

ATTEST my hand and the seal of the Board of Supervisors this 4th day of November, 1971.

PORTER D. CREMANS
Clerk of the
Board of Supervisors
